

THE BARBOUR DEMOCRAT

PHILIPPI, WEST VIRGINIA, THURSDAY, NOVEMBER 15, 1923

MONUMENT UNVEILED

The Memorial to the Barbour boys who gave all they had for the flag of their country, was unveiled last Sunday—Armistice Day.

The Spirit of the Doughboy will now keep his silent vigil—day and night, through storm and shine, on our public square, reminding all observers of the supreme sacrifice of the boys whose names are inscribed thereon, and at the same time pleading for the appreciation of all, not only for the dead but for the living soldier and sailor who stepped to the front, leaving all of the dearest things he possessed, and bared his breast to pestilence and all the horrors of war, and we as well as generations to come might be able to enjoy the blessings of free Democracy and not be ground down by the iron heel of tyranny as exemplified by the “Hun.”

The day was beautiful, very much like that wonderful day five years ago, when men and women forgot dignity and position and all mixed together, in their expression of joy that the war had ceased.

The arrangements had been prepared in accurate detail by our boys for the demonstration. Everything moved like clockwork. The crowds came—some said 5000—it was wonderful. Providence smiled. The promised speakers were here. The boys in large numbers in their uniforms were the pride of the onlookers. The parade was fine. Old Glory never looked more beautiful.

At last, the immense concourse surrounded the monument and the speakers stand. It was solidly packed between the courthouse and the stores across Main Street, and from Bank building to Bank building. Order was asked for and given out through the services. Commander O’Conner, of Elkins, was introduced by A. C. Merrill, and pure and high sentiments were forth to the boys, which, if they carry out the Legion will be a wonderful blessing to our country. Then the War Governor Hon. John J Cornwell, was introduced and the great crowd was attentive like one man, to the eloquent words and musical voice of the West Virginia statesman. Every soldier could take his words for rules of action through their lives. It was full of lofty thoughts. He recounted incidents in his official life during the conflict; and in pathetic manner described his feelings when he signed the draft orders which he knew would take many sons away from home never to return. He addressed beautiful tributes about the boys who gave their lives, to their parents who sat directly in front of the stand. The Governor’s speech was well received.

At the close of the speaking the unveiling proper took place and the contents of the strong box which was placed in the base, was read by Finance keeper R. E. Chrislip. The salute was fired and taps sounded and Barbour’s tribute to her boys was complete.

Philippi High Meets Elkins

The local High School football boys met Elkins last Saturday. Although our boys were beaten they deserve a great deal of credit for their playing.

The game itself was very interesting. The first quarter being won by the home team.

The players of both teams are to be highly commended for their good play.

There was not a cross word heard on the side lines.

I also heard a number of the Elkins cheer for our team.

That is a clean, fair game from start to finish.

As principal of the school, I wish to say that I believe that fairness, honesty and the abolition of unnecessary roughness should be the basis of all athletic teams.

The Captain Yager deserves mention as he has been the mainstay of the team.

Others who played at Elkins are as follows: G. Waddell, J. Waddell, H. Stevens, E. Stevens, O'Neil, Campbell and Ryan.

The game between Philippi and Elkins was held at Elkins, Nov. 14th. The home team won.

Thus ends our football season for the year.

Obituary

In loving memory of Merle B. Daugherty.

"God hath given, and he hath also taken away."

As the sun was rising on October 6th and all was still the sad news came to mother that her son, who had left the day previous had been seriously hurt in an automobile accident, on the road between Philippi and Elkins, West Virginia.

He was taken to the Gratton Hospital, yet as long as there is life there is hope, but at 12 o'clock, all hopes were ended by that Grim Hand which we call Death.

Merle B. Daugherty to whom I refer, was the son of H. C. and Mary Daugherty. He was born Dec. 11th, 1901, and departed this life on Oct. 6th, 1923, aged 21 years, 9 months and 24 days, being his youngest child.

He was a graduate from the Philippi High School also having taught one school near Volga. He always met his friends with a smile, and to know him was to love and respect.

He leaves to mourn his going, father, mother, two sisters, Mrs. Herman, and Mrs. Charles Snyder, four brothers, Gordon, Loring, Corbett and Ivan, also a host of friends and relatives.

Although he had never made any open confession in life, but sometimes ago he related to my cousin and I, that he believed in God, and that at some time he would confess him before men. While on his deathbed and as his spirit was taking its flight he looked up and smiled, which sure must mean that death is better than life, and that he had been welcomed home. Yet some day, some how we'll all understand.

The beautiful flowers, which the Regulator's and United, M. E. and W. M. churches, and the home at 2 p. m., Sunday evening and was tenderly laid to rest in the Pleasant cemetery to await the coming of all mankind. C. O. Phillips, having funeral charges.

Father and mother were very fond of their son, and he was very fond of them.

For the laborer, who has ever the sun, you will find him, and sleep his bed. When the gates unfold for you.

When a darkness gathers around, they and angels in their unseen form appear. And smile in their faces, for your bed. While we wait there, with our tears. —A Comforter's Daughter.
